Petition for a Three Month Extension of Time under 37 CFR 1.136(a)**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In conjunction with filing a Request for Continued Examination, the present preliminary amendment is being filed. The present preliminary amendment and corresponding Request for Continued Examination are being alternatively filed in place of an Appeal Brief, which was due to be filed by October 25, 2004, with a three month extension.

As presently amended, the application includes 22 total claims, 4 of which are independent, which is less than the previously paid for highest total number of claims and independent claims (37 total, 8 independent). Consequently, no further extra claim fee are believed to be due.

In conjunction with the three month extension (\$980) and the request for continued examination (\$790), a total fee in the amount of \$1,770, as outlined in the fee calculation sheet is believed to be due. The applicant's representative authorizes the Commissioner to charge the fees associated with the three month extension and the request for continued examination, as well

as any other fees deemed to be necessary in connection with consideration of the present amendment including any fee required to cover any deficiency associated with any underpayment, or to credit any overpayment to Deposit Account No. 50-2117, of Motorola, Inc.
